

Sullivan County Historical Society Genealogical Search

Our organization is a small, all volunteer organization that has a limited amount of resources and funds. Consequently, we are not in a position to answer detailed genealogical requests free.

If you like, we will review the materials in our archives for up to two hours for \$40.00 and will report our findings to you in as concise a form as possible.

Please be aware that a search of our files and records may reveal nothing of value to you, but our researchers will make a good faith effort to assist you, and will suggest other areas, organizations, or agencies that may be of help to you.

Print NAME to be researched with any spelling variations

Provide background information such as known dates, places of residence, siblings, and any additional information

To avoid duplication of research, list sources that have already been covered
(ex. 1815 New York Census)

Your name _____

Address _____

Telephone _____

e-mail _____
